Hi Tami, would you be willing to talk to Nicole about this?

Subject: the DPS strike

Hi Kim,

Do you think that your contact with the state (Tami Cassel?) would be a good person to talk to about what the strike means for our student interns? Christina Durham sent me an email saying that they would continue seeing kids that go to school and might even be asked to cover for teachers which I see as a problem.

Trying to figure out who the best person is to talk to, so I can give better guidance to the students.

Thanks,

Nicole
